COURSE DETAILS

AFRICAN COOKING - NHS SOUTH - Tuesday - 9/24/24-10/29/24

Learn the cooking methods and experience the tastes of traditional foods of Africa, from the Ivory Coast to the Congo, to Ethiopia and Morocco! Learn how the African culture and foods bursting with flavors have influenced cuisine world-wide.

BIOLOGY - NHS NORTH - Wednesdays - 9/11/24 - 1/15/25

In this introductory life science course, students cultivate an understanding of biology through inquiry-based investigations while exploring the following topics: evolution, cellular processes, DNA, genetics, ecology, energy pathways in plants and animals and interactions among organisms.

CHEMISTRY - NHS NORTH - Wednesdays - 9/11/24 - 1/15/25

Students learn modern concepts in the lab developing skills such as mass measurements, analysis of data and samples, synthesis of compounds and model building. Students will study nomenclature, equation and formula writing, physical and chemical properties, the mole concept, and energy relationships.

DIGITAL PHOTOGRAPHY - NHS SOUTH - Tuesdays - 9/24/24-11/19/24

This course covers both the technical and artistic aspects of photography and digital imaging. Topics include camera operation, exposure, composition, and lighting. Students will use Photoshop to manipulate and edit images. Through assignments in photographing nature, portraits, motion, mood and existing light and through the study of the styles of many renowned photographers, students will begin to develop their artistic sense and photographic vision. Bring your own digital camera with manual adjustments (DSLR)

HAIR CARE, BRAIDING & UP STYLES - NHS NORTH - Thursdays - 9/24/24-10/29/24

Learn the art and science of hair care and gain hands-on experience with braiding and up style techniques.

POTTERY & CERAMICS - NHS SOUTH - Mon. and
